

2008 DAYSAILER NORTHERN CALIFORNIA/NEVADA REGIONAL SERIES SCORING SYSTEM

For this year's Day Sailer Northern California/Nevada Regional Series:

- It is a five race series, scoring only the final score. In other words a 3rd place at big regatta is worth 3 points not the 9 to 15 or more points if you add up each race; a 2nd is 2 Points. This way all regattas are worth the same.
- There will be no throw outs unless we get 3 or more boats at any of the optional regattas to "Qualify it" and then a competitor may substitute ONE of the "Qualified" optional regatta finishes for one of the regular regattas.
- A missed regatta will be number of starters+1.
- We will try this format this year and review and revise if necessary next year. I plan to be at all the regattas this year, so just two more boats and we have a "Qualified" regatta.
